

BHG RETAIL REIT

has grown steadily on the back of strategic investment focus: good quality income-generating retail assets in China's high-growth neighbourhoods.

Positioned to capitalise on the steady growth of a consumer segment seeking quality retail spaces and engaging experiences, we aim to grow alongside our markets — creating desirable retail destinations, strengthening tenant partnerships and delivering lasting value to our communities.

Our Vision

A successful and sustainable real estate investment trust with a portfolio of quality, income-producing retail properties that are well-managed.

Our Mission

To deliver regular and stable distributions to our Unitholders, creating value by enhancing our properties through asset management strategies and expanding our portfolio through yield-accretive acquisitions, while working to contribute to the communities we operate in.
